

HELP CREATE WORLD CLASS SMALLMOUTH BASS FISHING IN MISSOURI

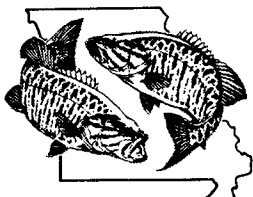

- Know and comply with the length limit --
 - You must release sublegal-size fish.
 - Please release legal-size fish that you are not going to eat or have mounted.

- Know your fish --

- Remove hooks carefully from fish you intend to release: if they are deeply hooked cut the line
- It takes a long time to grow a big smallmouth
 - 4 - 6 years to reach 12 inches,
 - 7 - 8 years to exceed 15 inches, and
 - 10 years or more to grow a 4-pounder
